18 Lilac Lane  
Somersworth NH 03878

From: The Department of Public Works and Utilities

## -----PRESS RELEASE-----

The Somersworth Water Division will be conducting night time flushing of water mains:

Monday, May 15, 2017 to Thursday May 25, 2017.

Both weeks from 7:00p.m. to 5:00a.m.;

Additional flushing will continue during regular business hours until all service areas of the City are completed.

This is an annual maintenance program that assists in maintaining good water quality. If possible, please refrain from using water when crews are observed in your area as this flushing may cause a temporary discoloration of your water supply. If you do experience discoloration, run a cold water tap for a short time to clear your water.

An estimated schedule including dates and areas to be flushed can be found at The City of Somersworth's official website [www.somersworth.com](http://www.somersworth.com). If you have any questions or concerns please contact the Water Department at (603) 692-9523 during normal business hours.

City of Somersworth, Department of Public Works and Utilities  
Water Distribution Division
